

'Health and Hygiene' - Our Priority

V & C Patel English School in collaboration with Proctor and Gamble (P&G) conducted an interactive session on 'Health & Hygiene' for the Mothers and the girl students of 6th to 8th std. on 7th August 2018. The session also included an important aspect of self hygiene and hygienic use of Sanitary Napkins.

The same session on 'Health & Hygiene' was conducted by the students of 8th std for the girl students of 9th and 10th std. This was a unique event in the school as the young girl students got an opportunity to give a presentation to girls older than them. We also invited one of our female washroom cleaning staff to speak to our girl students about the importance of keeping the school washrooms clean during the session.
